We first worked with lodgeVision/Star Connection when we needed to unexpectedly change the TV broadcast format at our business. They walked us through the process. From design, to pricing, to install, and even follow up. Each step was done with excellence and on budget. I appreciate the quick response and customer service when I reach out to them. We have subsequently hired them for numerous installs and have been happy with them each time.

Only the Best for Your Guests is not just a Slogan. At lodgeVision we truly believe that the experience we can deliver for your guests is simply the BEST... best in picture, best in quality, best in technology and best in customer satisfaction.
